## WELCOME

### THIS DIRECTORY HAS BEEN PRODUCED BY CITY OF YORK COUNCIL.

In the directory you will find a list of sports clubs offering a range of sporting and physical activity opportunities from Angling to Walking. There is something for everyone with activities for all ages and abilities seven days a week.

However, as a guide it is recommended that anyone considering joining a particular club or organisation ensure that the club is affiliated to a relevant governing body, has appropriate insurance and where minors are involved has a robust child protection policy in place and all junior coaches are Disclosure and Barring Service checked.

*Disclaimer: The clubs in this directory are not recommended or endorsed by City of York Council, however we can identify the clubs who have gained Clubmark status or equivalent club accreditation awards to show they are operating to high standards in the opinion of their National Governing Body of Sport.*

# THE BENEFITS OF SPORT AND PHYSICAL ACTIVITY

Regular sport or physical activity is beneficial for both physical and mental wellbeing. Exercise not only helps with weight loss and keeps you supple, it can help reduce the chances of medical conditions such as anxiety and depression, heart disease, obesity, diabetes and dementia.

It is recommended that adults exercise for 150 minutes a week and children for 300 minutes which can be achieved by just 30 or 60 minutes respectively each day. Sport and fitness activities can help build friendships and strong communities. This directory provides you with a list of sports clubs offering a range of sporting and physical activity opportunities. There are lots of different opportunities for fitness in York, including inclusive sport.

**Tang Hall**  
Primary School Nursery

**Pathfinder**  
Multi Academy Trust

**Tang Hall Primary School Nursery is a thriving and happy provision at the heart of the community. We are proud to welcome local families, as well as families moving into the area.**

Our Nursery caters for children aged two and three, prior to them starting school. We offer flexible hours, starting from 08.30 until 15.00, Monday to Friday during term time. We are able to advise you as to whether you are eligible for free childcare for two year olds, or whether you are able to receive 30 hours free childcare for three year olds.

The Nursery aims to offer a high quality provision, striving to develop our youngest children to become motivate, lifelong learners. The aim of the Nursery staff is to encourage excellent communication skills, a curiosity for finding out more and why things happen, independence and a passion for learning, in our indoor and outdoor learning environment. We encourage and develop curious minds and ensure children are 'school ready'.

The Nursery is staffed with highly qualified practitioners. The provision is managed and led by a fully qualified teacher, who is supported by four qualified Nursery Nurses. The provision provides opportunities for the children to work in their base classes, allowing the children to work on age appropriate activities and skills, as well as coming together as a whole, to learn independently, whilst being fully supported by all of the adults.

The Nursery children are very much part of the whole school; joining in with productions and sporting events, as well as having weekly PE sessions.

Our families have commented on how quickly their children develop and blossom whilst at Tang Hall Nursery and have praised the care and attention their children receive.

## OUR SCHOOL OF THOUGHT ON SPORT

Through the following principles we seek to develop students who are able to change their community and the world through sport:

- Social justice
- The right to play
- Intellectual generosity
- A focus on the healthy athlete
- Stressing participation over consumerism
- Putting the performer before the performance
- Holding to account those who seek elitism rather than sporting excellence
