# Part A: Pupil premium strategy plan

## Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. Our pupil premium strategy focuses on supporting disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who are young carers or have a social worker. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, focusing on areas where disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantaged attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they are set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Disadvantaged pupils achieving lower levels of attainment in reading, writing and maths
2	Limited access to wider and enrichment opportunities within and outside of school
3	Social, Emotional, Mental Health needs – particularly in relation to impact of trauma, self-esteem, emotional regulation, peer relationships.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Increase in the number of disadvantaged pupils achieving age-related expectations in reading, writing and maths.	Yearly data shows an increase in the percentage of disadvantaged pupils meeting the expected standard in all core subjects.
Improved reading attainment among disadvantaged pupils – ensuring secure phonics knowledge.	End of KS2 outcomes in reading for pupils in receipt of Pupil Premium grant will be in line with their potential and will be at least expected standard and where possible exceeding.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Sustained high levels of wellbeing will be demonstrated. Qualitative data gathered in wellbeing surveys from pupils and parents will indicate positive mindset and wellbeing. Student voice will express positive mindset and wellbeing.
All pupils attend well and support is in place for disadvantaged pupils particularly.	Sustained high attendance for all pupils with support offered to those children that fall behind 90% attendance.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

## Part B: Review of the previous academic year - Outcomes for disadvantaged pupils

Intentions, Intervention and Impact of provision for Pupil Premium Pupils during 2023-24 can be seen in the Pupil Premium Evaluated Action plan, in the Overview of Provision and Outcomes 2023-24 and on the Pupil Premium register tracking individual profiles - provision and outcomes.

**End of KS2 data – 2023-24** - We have analysed the performance of our school's disadvantaged pupils during the 2023-24 academic year using key stage 2 performance data, phonics check results and our own internal assessments.

Formative and Summative internal school data was used to provide outcomes defining pupil attainment as Below Expected / Expected / Above Expected. This is tracked on our Pupil Premium register.
